Technical Parameter

Hardware Parameters	
Input Voltage	DC24V
Wavelength	275nm (UV-C)
Power	7W
Size	34*317.5*13.8 mm
Brightness Range	10%–100%
Dimming Frequency	1,000Hz
0V Memory	Yes, it takes effect after maintaining the current state for 5 seconds

Network Configuration Parameters	
Trigger Mode of the First Network Distribution	Flashes after manually switching
Network Distribution Reset	Switch 3 times (ON-OFF-ON -OFF-ON)
Brightness of Reminder	50%
Successful Network Distribution	Light of reminder is ON with 100% brightness all the time.
